Dog E

Dog E

Name: Dog E

Ibu: 100

Yeast:

Description: Dog E is a very special beer. This beer commemorates our 9th year in 2016. This beer originally appeared as AB:04 in 2010, perhaps the most sought after beer we ever brewed. Dog E is a 16.1% Imperial Stout brewed with copious amounts of dark malts, pure cacao and coffee, balanced by the subtle addition of naga chili, and barrel-aged. Perfect for ageing in your cellar, or drinking fresh if you're lucky enough to get your paws on a bottle.

A perfect blend of Belgian Saison and US IPA, crushed peppercorns and heather honey are also added to produce a genuinely unique beer.
